What's New

Local Agency Military Base Recovery Area (LAMBRA) Designations

Mare Island Naval Shipyard in Vallejo received final designation from the Trade and Commerce Agency (TCA) on January 1, 1999. Accordingly, any costs paid or incurred on or after January 1, 1999, by businesses operating in this LAMBRA may qualify for LAMBRA tax incentives.

In June 1999, Mather Field/McClellan Air Force Base in Sacramento and the San Bernardino International Airport and Trade Center (formerly Norton Air Force Base) received **conditional** designations as LAMBRA's. These areas must receive **final** designation from the TCA in order to qualify for the LAMBRA tax incentives.

California Tax Law Changes

Qualified Disadvantaged Individual. For taxable or income years beginning on or after January 1, 1999, the definition of a qualified disadvantaged individual has been modified. See the Hiring Credit section for more information.

Business Expense Deduction. For taxable or income years beginning on or after January 1, 1999, the allowable LAMBRA business expense deduction has been

increased. See the Business Expense Deduction section for more information.

General Information

California has established four types of economic development areas (EDAs) that have similar tax incentives:

- Enterprise Zones;
- Local Agency Military Base Recovery Areas (LAMBRA's);
- Manufacturing Enhancement Areas (MEAs); and
- The Targeted Tax Area (TTA).

A business may qualify for special deductions and credits if it operates or invests in a trade or business located within the geographic boundaries of one of these EDAs.

California statutes require the Franchise Tax Board (FTB) to provide information to the California Legislature and the TCA regarding the number of businesses using the EDA tax incentives, types of EDA tax incentives being used, and the EDAs in which the businesses are claiming the tax incentives. **Note:** In order to help us meet this requirement, please be sure to complete items A through J on form FTB 3807, Local Agency Military Base Recovery Area Deduction and Credit Summary, as applicable.

For information about:

- Enterprise zone tax incentives, get FTB 3805Z, Enterprise Zone Business Booklet;
- The MEA hiring credit, get FTB 3808, Manufacturing Enhancement Area Business Booklet; or
- TTA tax incentives, get FTB 3809, Targeted Tax Area Business Booklet.

Conformity. In general, California tax law conforms to the Internal Revenue Code (IRC) as of January 1, 1998. However, there are continuing differences between California and federal tax law. California has not conformed to most of the changes made to the IRC by the federal Internal Revenue Service (IRS) Restructuring and Reform Act of 1998 (Public Law 105-206) and has not conformed to any of the changes made by the Tax and Trade Relief Extension Act of 1998 (Public Law 105-277).

Principal Business Activity Code Chart. The principal business activity (PBA) code chart is based on the North American Industry Classification System published by the United States Office of Management and Budget, 1997 Edition. Accordingly, the PBA and North American Industry Classification System (NAICS) codes are used for purposes of business classification.

Expiration of the Los Angeles Revitalization Zone.

The Los Angeles Revitalization Zone (LARZ) expired on December 1, 1998. No new LARZ tax incentives may be generated. However, LARZ credit carryovers and LARZ NOL carryovers can be utilized to the extent of business income apportioned to the former LARZ. Get FTB 3806, Los Angeles Revitalization Zone Business Booklet, for more information.

A Local Agency Military Base Recovery Areas

LAMBRA's are established to stimulate growth and development in areas that experience military base closures. Businesses operating within a LAMBRA or located within a LAMBRA, may qualify for special tax incentives.

B Purpose

Use this booklet to determine the correct amount of deductions and credits that the business may claim for operating or investing in a trade or business within a LAMBRA. Complete the worksheets in this booklet for each deduction or credit for which the business is eligible. Then enter the total deductions and credits on form FTB 3807.

C How to Claim Deductions and Credits

To claim any LAMBRA deduction or credit, the business **must attach** form FTB 3807 (included in this booklet) to its California tax return.

Attach a separate form FTB 3807 for each business you operate or invest in that is located within a LAMBRA.

To assist with the processing of the tax return, indicate that the business operates or invests within a LAMBRA by doing the following:

Form 540 and Form 540NR filers: Write "LAMBRA" in the top left margin of Form 540 or Form 540NR, Side 1.

Form 100 filers: Claim LAMBRA tax incentives on Form 100, line 14, line 20, and line 24 through line 27, as applicable.

Form 100S filers: Claim LAMBRA tax incentives on Form 100S, line 12, line 19, and line 23 through line 26, as applicable.

Form 109 filers: Check the "yes" box for the enterprise zone, LARZ, LAMBRA, MEA, or TTA question on the top of Form 109, Side 1.

Note: Be sure to keep all completed worksheets and supporting documents for your records.

Net Increase in Jobs Requirement – In order to qualify for the LAMBRA tax incentives, a business must have a net increase of one or more jobs within the first 2 taxable or income years of commencing business within the LAMBRA. **Note:** Taxpayers engaged in operations within a LAMBRA are allowed to utilize the designated LAMBRA tax incentives beginning in the first year of operation in the LAMBRA even though they have not yet fulfilled the net increase in jobs requirement. However, if after the end of the 2nd taxable or income year of operations within the LAMBRA a taxpayer does not fulfill the net increase in jobs requirement, all LAMBRA tax incentives claimed in prior years must be recaptured.

The net increase in jobs is computed on form FTB 3807. See page 20 for the instructions on how to compute the increase.

D LAMBRA Designation

The TCA is authorized to designate LAMBRA's. The TCA has designated the following LAMBRA's with the following designation dates:

- Southern California International Airport LAMBRA in Victorville (formerly known as George Air Force Base) on February 1, 1996;
- Castle Airport LAMBRA in Atwater (formerly known as Castle Air Force Base) on June 1, 1996; and
- Mare Island LAMBRA in Vallejo on January 1, 1999.

At the time this booklet went to press, designations were **pending** for Alameda Naval Air Station in Alameda, Mather Field/McClellan Air Force Base in Sacramento, San Bernardino International Airport (formerly Norton Air Force Base) in San Bernardino, and Tustin Marine Corps Air Station in Tustin. Incentives are available only after final designation occurs.

For information about the designation of an area, call the TCA at (916) 327-2236.

If your business is located totally within a LAMBRA, within and outside a LAMBRA, or in more than one LAMBRA, see Part IV on page 10 for instructions on how to apportion income.

Part I Hiring Credit

Employers conducting a trade or business within a LAMBRA may claim the hiring credit for a qualified employee.

Qualified Employee

A qualified employee is an employee who:

- Was hired after the LAMBRA received its final designation (see General Information D, LAMBRA Designation);
- Spends at least 90% of work time for the qualified employer on activities directly related to the conduct of a trade or business located within the LAMBRA; and
- Performs at least 50% of the work for the qualified employer within the boundaries of the LAMBRA.

For taxable or income years beginning on or after January 1, 1999, a qualified employee must be:

- A civilian or military employee of a base or former base who has been displaced as a result of a federal base closure act; or
- Anyone who immediately before starting work for the employer was any of the following:
 1. A person who has been determined eligible for services under the federal Job Training Partnership Act (JTPA);
 2. A person eligible to be a voluntary or mandatory registrant under the Greater Avenues for Independence Act of 1985 (GAIN);
 3. An economically disadvantaged individual 16 years of age or older;
 4. A qualified dislocated worker;
 5. An individual who is enrolled in or has completed a state rehabilitation plan;
 6. A service-connected disabled veteran;
 7. A veteran of the Vietnam era;
 8. A veteran who recently separated from military service;
 9. An ex-offender;
 10. A person who is a recipient of:
 - Federal Supplemental Security Income (SSI) benefits;
 - Aid to Families with Dependent Children (AFDC);
 - Food stamps; or

- State and local general assistance; or

11. A Native American.

Qualified Wages

Qualified wages means the wages paid or incurred by the business during the taxable or income year to a qualified employee. For the Mare Island LAMBRA, the wages must be paid or incurred on or after January 1, 1999, for qualified employees hired on or after January 1, 1999.

Wages that qualify for the hiring credit are those wages paid to a qualified employee for the consecutive 60-month period beginning on the first date the employee commenced employment with the employer. For an employer that operates a business that has regularly occurring seasonal or intermittent employment decreases and increases, reemployment of an employee does not constitute commencement of employment for the qualified wages test.

The qualified wages are the smaller of:

- The actual hourly rate paid or incurred by the business for work performed by the employee during the taxable or income year; or
- **150% of the minimum hourly wage** established by the Industrial Welfare Commission.

Where the California minimum wage is higher than the federal minimum wage, the California minimum wage is used for purposes of computing the LAMBRA hiring credit. The established minimum wage after March 1, 1998, is \$5.75 per hour. For purposes of computing the LAMBRA hiring credit, 150% of the minimum wage is \$8.62 per hour.

Example:

Ray Smith was hired January 1, 1999.

Ray's hourly rate for Month 1 was \$7.00. At the beginning of Month 2, his hourly rate increased to \$8.00. For Month 3, Ray's hourly rate increased to \$9.00. The hourly rate that qualifies for the credit is limited to 150% of the minimum wage, or currently \$8.62 per hour.

Month(s)	Hours per month	x	Hourly rate	=	Qualified wages per month
1	175		\$7.00		\$1,225.00
2	170		8.00		\$1,360.00
3	170		8.62		\$1,465.40

Credit Limitations

- The cumulative qualified wages used to compute the credit cannot exceed \$2,000,000. The limit applies to **each** taxpayer for **each** taxable or income year.
- The amount of hiring credit claimed may not exceed the amount of tax on LAMBRA business income in any year. Use Worksheet VI on Side 2 of form FTB 3807 to compute the credit limitation.
- Any unused credit may be carried over and applied against the tax imposed on

LAMBRA business income in future years until exhausted.

- The business must reduce any deduction for wages by the amount of this credit.
- In the case where the business is qualified to take the LAMBRA hiring credit as well as another credit (e.g., enterprise zone, MEA, or TTA hiring credit) for the same wage expense, the business may only claim one credit.
- S corporations are allowed only 1/3 of the LAMBRA hiring credit by operation of law.
- S corporations must reduce their wage deduction by 1/3 of the amount on Worksheet I, Section A, line 4. Make the wage deduction adjustment on Form 100S, line 7. In addition, the S corporation must make an adjustment for the entire amount of the credit on Schedule K (100S), line 1, column (c).

Example: In 1999, an S corporation qualified for a \$3,000 LAMBRA hiring credit. The S corporation can claim a credit for \$1,000 and must reduce its wage deduction by \$1,000 (\$3,000 X 1/3). On Form 100S, Schedule K, line 1, column (c), the S corporation would add \$3,000 to the S corporation's ordinary income or loss to reflect the credit passed through to the shareholder(s).

For additional information about the treatment of credits for S corporations, see Part VI on page 18.

Recordkeeping

For each qualified employee, keep a schedule for the first 60 months (five years) of employment showing (at least):

- Employee's name;
- Date the employee was hired;
- Number of hours the employee worked for each month of employment;
- Smaller of the hourly rate of pay for each month of employment or 150% of the minimum wage;
- Total qualified wages per month for each month of employment; and
- Location of the employee's job site and duties performed.

Line 1, column (b) through column (f) – Enter the qualified wages paid or incurred during the taxable or income year to each qualified employee listed in column (a) in the appropriate column.

Line 2, column (b) through column (f) – Add the amount of qualified wages in each column.

Line 3, column (b) through column (f) – Multiply the total in each column of line 2 by the percentage in each column.

Line 5 – The federal jobs tax credit to include on this line is the Work Opportunity Tax Credit (as in effect January 1, 1998, in IRC Section 51) for individuals hired before July 1, 1998.

Note: No other California jobs tax credit may be claimed for the same wage expense paid to the employees shown in line 1, column (a).

Line 6 – Enter the amount from line 6 on form FTB 3807, Side 2, Worksheet VI, as follows:

- Part II, line 8B, column (b) for corporations, individuals, and estates and trusts;
- Part III, line 10, column (b) for S corporations; or
- Part IV, line 12, column (b) for corporations and S corporations subject to paying only the minimum franchise tax.

Section B – Credit Recapture

The employer must recapture the amount of credit attributable to an employee's wages if the employer terminates an employee at any time during the longer of:

- The first 270 days of employment (whether or not consecutive); or
- 90 days of employment plus 270 calendar days.

For employers of seasonal employees, the employer must recapture the amount of credit attributable to a seasonal employee's wages if the employer terminates the employment before the completion of 270 days of employment during the 60-month period beginning the day the employee commences employment with the employer.

A "day of employment" means any day for which the employee receives wage compensation (including a paid sick day, holiday, or vacation day).

The employer must add to the current year's tax the amount of credit claimed in the year of termination and all prior years in which the credit was claimed for the terminated employee.

Note: The credit recapture does not apply if the termination of employment was:

- Voluntary on the part of the employee;
- In response to misconduct of the employee;
- Caused by the employee becoming disabled (unless the employee was able to return to work and the employer did not offer to reemploy the individual);
- Carried out so that other qualified individuals could be hired, creating a net increase in both the number of qualified employees and their hours worked; or
- Due to a substantial reduction in the employer's trade or business operations.

This credit is also subject to recapture if the net increase in jobs requirement is not met. See the instructions for form FTB 3807, Part I, Net Increase in Jobs, on page 20.

Line 1, column (a) – Enter the name of the terminated employee. Attach an additional schedule(s) if necessary.

Line 1, column (b) – Enter the amount of credit recapture for each employee listed in column (a).

Line 2 – Enter the amount from line 2, column (b) on form FTB 3807, Side 1, line 6.

Also include the amount of hiring credit recapture on your California tax return or schedule as follows:

- Form 100, Schedule J, line 5;
- Form 100S, Schedule J, line 5 and Schedule K-1 (100S), line 23;
- Form 109, Schedule K, line 4;
- Form 540, line 36;
- Form 540NR, line 45;
- Form 541, line 21b and Schedule K-1 (541), line 11e;
- Form 565, Schedule K, line 22 and Schedule K-1 (565), line 22; or
- Form 568, Schedule K, line 22 and Schedule K-1 (568), line 22.

Indicate that you included the hiring credit recapture on your tax return by writing "FTB 3807" in the space provided on the schedule or form.

Partnerships and limited liability companies (LLCs) taxed as partnerships must identify the recapture amounts for their partners and members on Schedule K-1 (565 or 568).

S corporation shareholders must recapture the portion of credit that was previously claimed, based on the terminated employee's wages. S corporations must also identify the recapture amount for shareholders on Schedule K-1 (100S). This amount will differ from the amount recaptured by the S corporation on Form 100S, Schedule J.

Part II Sales or Use Tax Credit

Individuals, estates or trusts, partnerships, and LLCs taxed as partnerships may claim a credit equal to the sales or use tax paid or incurred to purchase up to \$1 million of qualified property. **Corporations** may claim a credit equal to the sales or use tax paid or incurred to purchase up to \$20 million of qualified property. Individuals who are S corporation shareholders may claim their pro-rata share of pass-through credit to the extent the S corporation paid or incurred sales or use tax to purchase up to \$1 million of qualified property. See the example in the third column of this page.

For the Mare Island LAMBRA, the qualified property must be purchased on or after January 1, 1999, and the sales or use tax must be paid or incurred on or after January 1, 1999.

Qualified property is:

- High technology equipment, such as computers and electronic processing equipment;
- Aircraft maintenance equipment, such as engine stands, hydraulic mules, power carts, test equipment, handtools, aircraft start carts, and tugs;
- Aircraft components, such as engines, fuel control units, hydraulic pumps, avionics, starts, wheels, and tires; and
- IRC Section 1245 property.

The business must use the property **exclusively** within the boundaries of the LAMBRA. Also, the qualified property must be purchased before the LAMBRA designation expires.

Use tax paid on purchases of property manufactured outside of California qualifies for the credit only if property of a comparable quality and price was not available for timely purchase and delivery from a California manufacturer.

Leased Property

The sales tax paid on qualified property being purchased using a financial (conditional sales) contract qualifies for the sales or use tax credit.

To determine whether the lease qualifies as a purchase rather than a true lease, see Revenue Ruling 55-540, 1955-2 C.B. 39 and FTB Legal Ruling 94-2, March 23, 1994.

Credit Limitations

- The amount of sales or use tax credit claimed may not exceed the amount of tax on the LAMBRA business income in any year. After completing Worksheet II, use Worksheet VI on Side 2 of form FTB 3807 to compute the credit limitation.
- In the case where the business is qualified to take the LAMBRA sales or use tax credit as well as another credit (e.g., manufacturers' investment credit or TTA sales or use tax credit) for the same piece of property, the business may only claim one credit.
- Any unused credit may be carried over and applied against the tax on LAMBRA income in future years until exhausted. In the case of an S corporation, 2/3 of the credit is lost and the remaining 1/3 can be carried over if it cannot be used in the current year.

For additional information about the treatment of credits for S corporations, see Part VI on page 18.

Depreciation

Any taxpayer that elects this credit cannot increase the basis of the qualified property by sales or use tax paid or incurred in connection with the purchase of qualified property.

To compute the difference between California and federal depreciation, use the following forms and schedules:

- Form 100 filers – FTB 3885, Corporation Depreciation and Amortization;
- Form 100S filers – Schedule B (100S), S Corporation Depreciation and Amortization;
- Form 109 filers – Form 109, Schedule J, Depreciation. **Note:** Exempt trusts use FTB 3885F, Depreciation and Amortization;
- Form 540 and 540NR filers – FTB 3885A, Depreciation and Amortization Adjustments;
- Form 541 filers – FTB 3885F, Depreciation and Amortization;
- Form 565 filers – FTB 3885P, Depreciation and Amortization; or
- Form 568 filers – FTB 3885L, Depreciation and Amortization.

Recordkeeping

In order to support the sales or use tax credit claimed, keep all records that document the purchase of the qualified property, such as the sales receipt and proof of payment. Additionally, keep all records that identify or describe:

- The property purchased (such as serial numbers, etc.);
- The amount of sales or use tax paid on its purchase;

- The location where it is used; and
- If purchased from a manufacturer located outside California, records to substantiate that property of comparable quality and price was not available for purchase in California.

Example:

XYZ Inc., an S corporation, purchases qualified property for \$20 million (\$20 m.). The sales tax rate is 6% (.06) and the entity-level tax rate is 1.5%.

The credit allowed XYZ Inc. and the depreciable basis of the qualified property for XYZ Inc. are figured as follows:

		Depreciable basis
Qualified property	\$20 m.	\$20 m.
Sales tax paid (\$20 m. x .06)	1.2 m.	+1.2 m.
Sales or use tax credit allowed XYZ Inc.	1.2 m.	(1.2 m.)
Depreciable basis of qualified property for XYZ Inc.		\$20 m.

Credit allowed to offset the entity-level tax (\$1.2 m. x 1/3) \$0.4 m.

XYZ Inc. has two 50% shareholders. The credit allowed the shareholders and the depreciable basis of the qualified property for the shareholders are figured as follows:

		Depreciable basis
Qualified property (purchased by XYZ Inc.)	\$20 m.	\$20 m.
Sales tax (paid by XYZ Inc.)	1.2 m.	+1.2 m.
Maximum qualified costs for sales or use tax credit	1 m.	
Sales or use tax credit allowed the shareholders (\$1 m. x .06)	.06 m.	(.06 m.)
Depreciable basis of qualified property for the shareholders		\$21.14 m.
Total amount of credit allowed the shareholders		\$.06 m.

Note: Each shareholder is allowed a \$30,000 (.06 m. ÷ 2 = .03 m.) sales or use tax credit.

Section B – Credit Recapture

The sales or use tax credit is subject to recapture (added back to tax) if, before the close of the 2nd taxable or income year after the property was placed in service, it is disposed of or is no longer used exclusively in the LAMBRA trade or business. In that case, the credit amount for that property is added to tax in the current taxable or income year.

This credit is also subject to recapture if the net increase in jobs requirement is not met. See the instructions for form FTB 3807, Part I, Net Increase in Jobs, on page 20.

Line 1, column (a) – Enter a description of the qualified property. Attach an additional schedule(s) if necessary.

Line 1, column (b) – Enter the amount of credit recapture for each property listed in column (a).

Line 2 – Enter the amount from line 2, column (b) on form FTB 3807, Side 1, line 7.

Also include the amount of sales or use tax credit recapture on your California tax return or schedule as follows:

- Form 565, Schedule K, line 22 and Schedule K-1 (565), line 22; or
- Form 568, Schedule K, line 22 and Schedule K-1 (568), line 22.

Indicate that you included the sales or use tax credit recapture on your tax return by writing “FTB 3807” in the space provided on the schedule or form.

Partnerships and LLCs taxed as partnerships must identify the recapture amounts for partners and members on Schedule K-1 (565 or 568).

S corporations and their shareholders must recapture the portion of credit that was previously claimed. S corporations must also identify the recapture amount for shareholders on Schedule K-1 (100S). This amount will differ from the amount recaptured by the S corporation on Form 100S, Schedule J.

Part III Business Expense Deduction

Businesses conducting a trade or business within a LAMBRA may **elect** to treat 40% of the eligible cost of qualified property as a business expense rather than a capital expense. For the year the property is placed in service, the business may deduct the cost (subject to limitations) in that year rather than depreciate it over several years. For the Mare Island LAMBRA, the qualified property must be placed in service on or after January 1, 1999.

Note: The LAMBRA business expense deduction is not allowed for estates or trusts.

Qualified property is any recovery property that is IRC Section 1245 property, which includes, but is not limited to, tangible personal property (excluding buildings), most equipment and furnishings acquired by purchase for exclusive use within a LAMBRA. Office supplies and other small nondepreciable items are not included.

The maximum aggregate cost applicable to the 40% deduction the business may claim in any taxable or income year is determined by a reference to the number of taxable or income years that have elapsed since the LAMBRA received its final designation. See General Information D, LAMBRA Designation, for the designation dates.

The applicable cost is:

Taxable or income year of designation	\$100,000
1st taxable or income year after designation	100,000
2nd taxable or income year after designation	75,000
3rd taxable or income year after designation	75,000
Each remaining taxable or income year of designation	50,000

Election

The business must elect to treat the cost of qualified property as a business expense in the year the property is first placed in service. However, this deduction is not allowed if the property was:

- Transferred between members of an affiliated group;
- Acquired as a gift or inherited;
- Traded for other property;
- Received from a personal or business relation as defined in IRC Section 267 or 707(b); or
- Described in IRC Section 168(f).

The LAMBRA business expense deduction must be claimed by making an election on the

original return filed, and thus cannot be claimed on an amended return. Such an election cannot be revoked without the written consent of the FTB.

A husband and wife filing separate returns may each claim 1/2 of the allowable deduction. In the case of a partnership, the dollar limitation applies to the partnership and to each partner. Each partner's business expense deduction passed through from the partnership is based on their allocable share of the allowable deduction.

Depreciation

Corporations may not claim the additional first-year depreciation allowed under R&TC Section 24356 on any item of property if any portion of it was deducted as a LAMBRA business expense. All other taxpayers cannot claim the deduction allowed under IRC Section 179 on any item of property if any portion of it was deducted as a LAMBRA business expense.

To compute the difference between California and federal depreciation, use the following forms and schedules:

- Form 100 filers – FTB 3885, Corporation Depreciation and Amortization;
- Form 100S filers – Schedule B (100S), S Corporation Depreciation and Amortization;
- Form 109 filers – Form 109, Schedule J, Depreciation;
- Form 540 and Form 540NR filers – FTB 3885A, Depreciation and Amortization Adjustments;
- Form 565 filers – FTB 3885P, Depreciation and Amortization; or
- Form 568 filers – FTB 3885L, Depreciation and Amortization.

Part IV Doing Business Totally Within a LAMBRA, Within and Outside a LAMBRA, or in More Than One LAMBRA

LAMBRA tax incentives are limited to the tax on business income attributable to operations within the LAMBRA. If the business is located within and outside a LAMBRA or in more than one LAMBRA, you must determine the portion of total business operations that are attributable to each LAMBRA.

Business Income vs. Nonbusiness Income

Only business income is apportioned to the LAMBRA where operations are conducted. LAMBRA tax incentives are limited to tax on business income attributable to operations within the LAMBRA.

Business income is defined as income arising from transactions and activities in the regular course of the trade or business. Business income includes income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations. Nonbusiness income is all income other than business income. Get Title 18 Cal. Code Reg. Section 25120 for further references and examples of nonbusiness income.

For an individual, business income includes but is not limited to California business income or loss from Schedules C, D, D-1 (or Form 4797, Sales of Business Property, if you did not have to file a Schedule D-1), E, and F, as well as wages. Be sure to include casualty losses, disaster losses, and any business deductions reported on Schedule A as itemized deductions.

Note: If you elected to carry back part or all of your current year disaster loss under IRC Section 165(i)(1), do not include the amount of the loss that was carried back in your current year business income for the LAMBRA.

In general, all transactions and activities of the business that are dependent upon or contribute to the operations of the economic enterprise as a whole constitute a trade or business.

When a corporation is part of a group of corporations engaged in a unitary business, the income and apportionment factors of the unitary group must be combined. For more information, get Schedule R. See instructions for ordering forms on page 29.

Pass-through entities must report to their shareholders, beneficiaries, partners, and members:

1. The distributive (or pro-rata for S corporations) share of the business income apportioned to the LAMBRA; and

2. The distributive (or pro-rata for S corporations) share of the business capital gains and losses apportioned to the LAMBRA included in item 1.

These items should be reported using the appropriate California schedules listed below:

- Schedule K-1 (100S), line 23;
- Schedule K-1 (541), line 11e;
- Schedule K-1 (565), line 22; or
- Schedule K-1 (568), line 22.

Apportionment

Business income is apportioned to the LAMBRA by multiplying the total California business income of the taxpayer by a fraction, the numerator which is the property factor plus the payroll factor, and the denominator which is two. Loss is apportioned to the LAMBRA by multiplying the taxpayer's net business operating loss from all sources by a fraction, the numerator which is the property factor plus the payroll factor, and the denominator which is two.

Property Factor

Property is defined as the average value of all real and tangible personal property owned or rented by the business and used during the taxable or income year to produce business income. **Note:** Property is included in the factor if it could be used during the taxable or income year.

Property owned by the business is valued at its original cost. Generally, **original cost** is the basis of the property for federal income tax purposes (prior to any federal adjustment) at the time of acquisition by the business, adjusted for subsequent capital additions or improvements and partial dispositions because of sale or exchange. Allowance for depreciation is not considered.

Rented property is valued at 8 times the net annual rental rate. The net annual rental rate for any item of rented property is the total rent paid for the property, less aggregate annual subrental rates paid by subtenants.

When determining **income** or **loss** apportionment on Worksheet IV, Section A or B, the **numerator** of the property factor is the average value of real and tangible personal property owned or rented by the business and used within the LAMBRA during the taxable or income year to produce LAMBRA business income (column (b)).

When determining **income** apportionment on Worksheet IV, Section A, the **denominator** of the property factor is the total average value of all real and tangible personal property owned or rented and used during the taxable or income year within California (column (a)).

When determining **loss** apportionment on Worksheet IV, Section B, the **denominator** of the property factor is the total average value of all real and tangible personal property owned or rented and used during the year to produce business income within and outside the LAMBRA (column (a)).

Payroll Factor

Payroll is defined as the total amount paid to the business's employees as compensation for the production of business income during the taxable or income year.

Compensation means wages, salaries, commissions, and any other form of remuneration paid directly to employees for personal services. Payments made to independent contractors or any other person not properly classified as an employee are excluded.

Compensation Within the LAMBRA.

Compensation is considered to be within the LAMBRA if any one of the following tests is met:

- The employee services are performed within the geographical boundaries of the LAMBRA; or
- The employee services are performed within and outside the LAMBRA, but the services performed outside the LAMBRA are incidental to the employee services within the LAMBRA.

Note: Incidental means any temporary or transitory service rendered in connection with an isolated transaction.

Compensation Within and Outside the LAMBRA.

If employee services are performed within and outside the LAMBRA, employee compensation will be attributed to the LAMBRA if:

- The employee's base of operations is within the LAMBRA; or
- There is no base of operations in any other part of the state in which some part of the service is performed, but the place from which the service is directed or controlled is within the LAMBRA.

Base of operations is the permanent place from which employees start work and customarily return in order to receive instruction from the taxpayer or communications from their customers or other persons; to replenish stock or other material; to repair equipment; or to perform any other functions necessary in the exercise of their trade or profession at some other point or points.

When determining **income** or **loss** apportionment on Worksheet IV, Section A or B, the **numerator** of the payroll factor is the total compensation paid to employees for working within the LAMBRA during the taxable or income year (column (b)).

When determining **income** apportionment on Worksheet IV, Section A, the **denominator** of the payroll factor is the total compensation paid to employees working in California (column (a)).

When determining **loss** apportionment on Worksheet IV, Section B, the **denominator** of the payroll factor is the total compensation paid to employees working in all business operation locations.

Example – Computation of LAMBRA income assigned to each entity operating within the LAMBRA:

Parent Corporation A has two subsidiaries, B and C. Corporations A and B operate within the LAMBRA. The combined group operates within and outside California and apportions its income to California using Schedule R. The combined group's business income apportioned to California was \$1,000,000.

Business income apportioned to the LAMBRA is determined as follows:

	A	B	Combined Group
Property Factor			
LAMBRA property	\$2,000,000	\$1,000,000	\$3,000,000
California property			\$5,000,000
Apportionment %	40%	20%	60%
Payroll Factor			
LAMBRA payroll	\$2,000,000	\$800,000	\$2,800,000
California payroll			\$4,000,000
Apportionment %	50%	20%	70%
Average Apportionment %			
	45%	20%	65%
<small>(Property + Payroll Factors) 2</small>			
Apportioned Business Income			\$1,000,000
LAMBRA INCOME	\$ 450,000	\$ 200,000	\$ 650,000

Instructions for Worksheet IV — Apportionment

Section A – Income Apportionment

Use Worksheet IV, Section A, Income Apportionment, to determine the amount of business income apportioned to the LAMBRA. The LAMBRA business income determines the amount of the tax incentives that can be used.

Only California source business income is apportioned to the LAMBRA. A taxpayer's LAMBRA business income is its California apportioned business income multiplied by the specific LAMBRA apportionment percentage.

The LAMBRA property and payroll factors used in the determination of apportionable business income include only the taxpayer's California amounts in the denominator.

Note: If the business operates solely within a single LAMBRA and all its property and payroll are solely within that single LAMBRA, you do not have to complete this worksheet. Enter 100% (1.00) on line 4.

Section B – Loss Apportionment

Use Worksheet IV, Section B, Loss Apportionment, to determine your net operating loss apportioned to the LAMBRA. A taxpayer's LAMBRA net operating loss is its net business operating loss from all sources multiplied by the specific LAMBRA apportionment percentage computed in Worksheet IV, Section B.

The LAMBRA property and payroll factors used in the determination of the apportioned business net operating loss include worldwide amounts in the denominator.

Note: If the business operates solely within a single LAMBRA and all its property and payroll are solely within that single LAMBRA, you do not have to complete this worksheet. Enter 100% (1.00) on line 4.

Worksheet IV Apportionment — LAMBRA

Use Worksheet IV, Section A, if your business has net income from sources within and outside a LAMBRA.

Note: The average apportionment percentage shown on line 4 represents the portion of the taxpayer's total business that is attributable to activities conducted within the LAMBRA. Also, those factors with zero balances in the totals of column (a) will not be included in the computation of the average apportionment percentage. For example, if the taxpayer does not have any payroll within or outside the LAMBRA, then the average apportionment percentage would be computed by dividing line 3 by one instead of by two as normally instructed.

Also, those factors with zero balances in the totals of column (a) will not be included in the computation of the average apportionment percentage. For example, if the taxpayer does not have any payroll within or outside the LAMBRA, then the average apportionment percentage would be computed by dividing line 3 by one instead of by two as normally instructed.

Part V Net Operating Loss (NOL) Computation and Loss Limitations

An NOL generated by a business that operates or invests within a LAMBRA can be carried forward for 15 years but cannot be carried back. Financial institutions using the bad debt reserve methods may carry over the loss for a maximum of five income years. In addition, up to 100% of the NOL generated in a LAMBRA can be carried forward.

The business cannot generate NOLs from activities within the LAMBRA area until the first taxable or income year beginning on or after the date the LAMBRA is officially designated. Accordingly, for the Mare Island LAMBRA, a LAMBRA NOL cannot be generated for taxable or income years beginning before January 1, 1999. See General Information D, LAMBRA Designation, for LAMBRA designation dates.

Limitation. A LAMBRA NOL deduction can offset only business income attributable to operations within the LAMBRA.

Election. Taxpayers **must** elect and designate the carryover category (general or specific, enterprise zone, LAMBRA, or TTA NOL) on the original return for the year of a loss and file form FTB 3807 for each year in which a LAMBRA NOL deduction is being taken. The election is **irrevocable**.

Note: If you elect the LAMBRA NOL deduction, you are prohibited by law from carrying over any other type of NOL from this year.

To determine which type of NOL will provide the greater benefit, taxpayers that have general or specific, enterprise zone, LAMBRA, or TTA NOLs or that may qualify for the special NOL treatment should estimate future income and complete Worksheet V and the following forms or worksheets if applicable:

- FTB 3805V, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Individuals, Estates and Trusts;
- FTB 3805Q, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Corporations;
- FTB 3805Z, Enterprise Zone Business Booklet, Worksheet VI; or
- FTB 3809, Targeted Tax Area Business Booklet, Worksheet V.

Alternative Minimum Tax. Taxpayers claiming a LAMBRA NOL deduction must determine their NOL for alternative minimum tax (AMT) purposes. Use Schedule P (100, 540, 540NR, or 541) to compute the NOL for AMT purposes.

S Corporations. LAMBRA NOLs incurred prior to becoming an S corporation cannot be used against S corporation income. See IRC Section 1371(b).

However, an S corporation is allowed to deduct a LAMBRA NOL incurred after the “S” election is made. An S corporation may use

the NOL as a deduction against income subject to the 1.5% entity-level tax (3.5% for financial S corporations). The expenses (and income) giving rise to the loss are also passed through to the shareholders in the year the loss is incurred.

NOL Carryover Amount — Nonapportioning Corporations That Are Totally Within the LAMBRA

For calendar and fiscal year taxpayers with all payroll and property within a LAMBRA, the NOL carryover is determined by computing the business loss that results from business activity in the LAMBRA.

NOL Carryover Amount — Apportioning Corporations and Nonapportioning Corporations

If the business is located within and outside or in more than one LAMBRA, the loss amount available for carryover is determined by apportioning the total business loss of the corporation to the LAMBRA pursuant to the provisions of R&TC Chapter 17 (commencing with Section 25101) with certain modifications to the apportioning factors. The apportionment factors include the property and payroll factors, and compare the LAMBRA property and payroll to total property and payroll. This apportionment factor calculation is done on Worksheet IV, Section B. The loss carryover is deducted against income apportioned by each business to the LAMBRA in subsequent years. This calculation is done on Worksheet V, Section C.

Corporations that are members of a unitary group filing a combined report must separately compute the loss carryover for each corporation in the group (R&TC Section 25108) using their individual apportionment factors. Unlike the NOL treatment on a federal consolidated return, a loss carryover for one member included in a combined report may not be applied to the intrastate apportioned income of another member included in a combined report.

For water's-edge purposes, each corporation's NOL carryover is limited to the amount determined by recomputing the income and factors of the original worldwide combined reporting group as if the water's-edge election had been in force for the year of the loss. The NOL carryover may not be increased as a result of the recomputation.

Instructions for Income or Loss Worksheet

Use the Income or Loss Worksheet on page 15 to determine the amount to enter on:

- Worksheet V, Section A, line 1;
- Worksheet V, Section C, line 1 and line 6 (Form 540 and Form 540NR filers); and
- Worksheet VI, Part I, line 1 and line 3.

Do not include disaster losses in any amounts used in the table.

Only California source business income is apportioned to the LAMBRA. A taxpayer's LAMBRA business income is its California apportioned business income computed using Schedule R, multiplied by the specific LAMBRA apportionment percentage computed using Worksheet IV, Section A.

The first step is to determine which portion of the taxpayer's net income is “business income” and which portion is “nonbusiness income,” since only business income may be apportioned to the LAMBRA. See Part IV, Doing Business Totally Within a LAMBRA, Within and Outside a LAMBRA, or in More Than One LAMBRA, on page 10 for a complete discussion of business and nonbusiness income.

Business income or loss reported on Schedules C, C-EZ, E, and F, and other schedules are reported on line 6 through line 9. Line 11 and line 12 report business gains or losses reported on Schedule D and Schedule D-1. All business income and losses should be adjusted for any differences between California and federal amounts as shown on the Schedule CA (540 or 540NR).

Loss Computation (Use to compute NOL for Worksheet V, Section A)

Line 6 – Line 9: If your business operation reported on Schedule C, C-EZ, E, or F, or other schedule is entirely within the LAMBRA, enter the income or loss from this activity in column (a), and enter 1.00 in column (b).

Line 11 and Line 12: If the gain or loss reported on Schedule D or Schedule D-1 (as adjusted on Schedule CA (540 or 540NR)) was attributed to an asset used in an activity conducted entirely within the LAMBRA, enter the gain or loss reported in column (a) and enter 1.00 in column (b).

Line 6 – Line 9: If your business operation reported on Schedule C, C-EZ, E, or F, or other schedule is within and outside the LAMBRA, enter the income or loss from this activity in column (a). To determine the percentage figure in column (b), complete Worksheet IV, Section B. Enter the figure on Worksheet IV, Section B, line 4, in column (b) of this worksheet.

Line 11 and Line 12: If the gain or loss reported on Schedule D or Schedule D-1 (as adjusted on Schedule CA (540 or 540NR)) was attributed to an asset used in an activity conducted within and outside the LAMBRA, enter the gain or loss reported in column (a). To determine the percentage figure in column (b), complete Worksheet IV, Section B. Enter the figure on Worksheet IV, Section B, line 4, in column (b) of this worksheet.

Income Computation (Use to compute LAMBRA income for Worksheet V, Section C and Worksheet VI)

Line 6 – Line 9: If your business operation reported on Schedule C, C-EZ, E, or F, or other schedule is entirely within the LAMBRA,

enter the income or loss from this activity in column (a), and enter 1.00 in column (b).

Line 11 and Line 12: If the gain or loss reported on Schedule D or Schedule D-1 (as adjusted on Schedule CA (540 or 540NR)) was attributed to an asset used in an activity conducted entirely within the LAMBRA, enter the gain or loss reported in column (a) and enter 1.00 in column (b).

Line 6 – Line 9: If your business operation reported on Schedule C, C-EZ, E, or F, or other schedule is entirely within California, enter the income or loss from this activity in column (a). To determine the percentage figure in column (b), complete Worksheet IV, Section A. Enter the figure on Worksheet IV, Section A, line 4, in column (b) of this worksheet.

Line 11 and Line 12: If the gain or loss reported on Schedule D or Schedule D-1 (as adjusted on Schedule CA (540 or 540NR)) was attributed to an asset used in an activity conducted entirely within California, enter the gain or loss reported in column (a). To determine the percentage figure in column (b), complete Worksheet IV, Section A. Enter the figure on Worksheet IV, Section A, line 4, in column (b) of this worksheet.

Line 6 – Line 9: If your business operation reported on Schedule C, C-EZ, E, or F, or other schedule is within and outside the LAMBRA and California, get Schedule R and complete line 1 through line 13b. Enter the figure on Schedule R, line 13b in column (a) of this worksheet. To determine the percentage figure in column (b), complete Worksheet IV, Section A. Enter the figure on Worksheet IV, Section A, line 4, in column (b) of this worksheet. **Note:** When computing Schedule R, disregard any reference to Form 100, Form 565, or Form 568. Also disregard any reference to Schedule R-3, Schedule R-4, or Schedule R-5, and skip line 11.

Nonresidents who have an apportioning business that operates within the LAMBRA should have already computed Schedule R, and can use those amounts when that schedule is referenced. Residents who have an apportioning business will not have completed a Schedule R for California income tax purposes since they are taxed on income from all sources. However, in order for residents to determine their California source

business income for purposes of the LAMBRA calculation, they must also complete a Schedule R.

Line 11 and Line 12: If the gain or loss reported on Schedule D or Schedule D-1 (as adjusted on Schedule CA (540 or 540NR)) was attributed to an asset used in an activity conducted within and outside a LAMBRA and California, get Schedule R and complete Schedule R-1. Multiply the gain or loss reported by the percentage on Schedule R-1, line 4 and enter the result in column (a). To determine the percentage figure in column (b), complete Worksheet IV, Section A. Enter the figure on Worksheet IV, Section A, line 4, in column (b) of this worksheet.

Part I Individual Income and Expense Items

Wages

Taxpayers with wages from a company located within and outside a LAMBRA must determine the LAMBRA wage income by entering the percentage of their time (during the period for which the wages entered on line 1 were earned) that they worked within the LAMBRA. This percentage must be determined based on their record of time and events such as a travel log or entries in a daily planner.

Part II Pass-Through Income or Loss

Multiple Pass-Through Entities

If you are a shareholder, beneficiary, partner, or member in multiple pass-through entities with businesses located within and outside a LAMBRA from which you received LAMBRA tax incentives, see the example below for computing business income in the LAMBRA.

Example:

Pass-through entity	Trade or business income from Schedule K-1 (100S, 541, 565, or 568)	Entity's LAMBRA apportionment percentage	LAMBRA apportioned income
ABC, Inc.	\$40,000	80%	\$32,000
A, B & C	30,000	10%	3,000
ABC, LLC	10,000	50%	5,000
			\$40,000

Part III Taxpayer's Trade or Business

Business Income or Loss

Use business income or loss from Form 1040 Schedules C, C-EZ, E, and F, plus California adjustments from Schedule CA (540 or 540NR) for each trade or business. Also include business capital gains and losses from Schedule D and business gains and losses from Schedule D-1.

Line 14 – If you are computing the LAMBRA NOL and the result on the Income or Loss Worksheet, line 14, column (c) is a **negative** amount, enter this amount on Worksheet V, Section A, line 1. **Note:** If the amount is positive, you do not have a LAMBRA NOL.

If you are computing the LAMBRA business income and the result on the Income or Loss Worksheet, line 14, column (c) is a **positive** amount and:

- You have LAMBRA NOL carryovers, enter the amount on Worksheet V, Section C, line 1 and line 6 (skip line 2 through line 5). Also enter the amount from the Income or Loss Worksheet, line 14, column (c) on Worksheet VI, Part I, line 1 and line 3 (skip line 2) if you have LAMBRA credits; or
- You do not have LAMBRA NOL carryovers but you do have LAMBRA credits or credit carryovers, enter the amount on Worksheet VI, Part I, line 1 and line 3 (skip line 2).

Note: If the amount is negative, you do not have any business income attributable to the LAMBRA and you cannot utilize any LAMBRA NOL carryover, credit(s), or credit carryover(s) in the current taxable or income year.

Instructions for Worksheet V — NOL Computation and Loss Limitations

Individuals and exempt trusts with a current year loss complete Section A. Corporations with a current year loss complete Section B. Individuals, exempt trusts, and corporations with current year income and a prior year LAMBRA NOL carryover complete Section C.

Section A – Computation of Current Year NOL — Individuals and Exempt Trusts

Use this section to compute the LAMBRA NOL to be carried over to future years by individuals and exempt trusts. Complete Section A **only** if you have a current year loss.

You must complete form FTB 3805V, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Individuals, Estates and Trusts, before you can compute the allowable LAMBRA loss.

To compute the LAMBRA NOL, separate business income and deductions from nonbusiness income and deductions. See Part IV for a complete discussion of business and nonbusiness income.

Section B – Computation of Current Year NOL — Corporations

Use this section to compute the LAMBRA NOL to be carried over to future years for corporations. Complete Section B **only** if the corporation has a current year loss.

You must complete form FTB 3805Q, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Corporations, before you can compute the allowable LAMBRA loss.

Section C – Computation of NOL Carryover and Carryover Limitations — Individuals, Exempt Trusts, and Corporations

Use this section to compute the LAMBRA NOL deduction for individuals, exempt trusts, and corporations. The LAMBRA NOL deduction is used to reduce current year income from the LAMBRA.

Line 1 – See Part IV for a complete discussion of business and nonbusiness income.
Note to Form 540 and Form 540NR filers: Be sure to include casualty losses, disaster losses, and any business deductions reported on Schedule A as itemized deductions.

Exception: If you elected to carry back part or all of your current year disaster loss under IRC Section 165(i)(1), do not include the amount of loss that was carried back in your current year business income for the LAMBRA.

Line 2 – In modifying your income, deduct your capital losses only up to your capital gains. Enter as a positive number any net capital losses included in line 1.

Line 3 – Corporations must reduce income by the disaster loss deduction and the deduction for excess net passive income.

Line 6 – This is your modified taxable income (MTI). Reduce this amount by your LAMBRA NOL deduction. The LAMBRA NOL deduction may not be larger than your MTI. If your MTI is a loss in the current year or if it limits the amount of NOL you may use this year, you must carry over the NOL to future years.

Line 7 – Enter the amount from line 6 in column (d). If this amount is zero or negative, transfer the amounts from line 8 through line 10, column (b) to column (e). Go to line 10.

Line 8 – Line 10 – Enter the amounts on line 8 through line 10 as positive numbers.

In column (c), enter the smaller of the amount in column (b) or the amount in column (d) from the previous line.

In column (d), enter the result of subtracting column (c) from the balance on the previous line in column (d).

In column (e), enter the result of subtracting the amount in column (c) from the amount in column (b), as applicable.

Example:

(b) Carry-over from prior year	(c) Amount deducted this year	(d) Balance available to offset losses	(e) LAMBRA NOL carryover
		\$5,000	
\$ 500	\$ 500	4,500	\$ 0

Line 11 – Enter the amount of your current year NOL in column (e). For individuals and exempt trusts, enter the amount from Section A, line 7. For corporations, enter the amount from Section B, line 7.

Line 12 – Total the amounts in column (b), column (c), and column (e). Enter the totals from column (b), column (c), and column (e) on form FTB 3807, Side 1, line 4a, line 4b, and line 4c, accordingly.

Your LAMBRA NOL deduction for 1999 is the total of column (c). Enter this amount on your California tax return or schedule as follows:

- Form 100, line 20;
- Form 100S, line 19;
- Form 109, line 3 or line 11;
- Schedule CA (540), line 21e, column B; or
- Schedule CA (540NR), line 21e, column B.

Part VI Computation of Credit Limitations

Credit Limitations. The amount of credit you can claim on your California tax return is limited by the amount of tax attributable to LAMBRA income. Use Worksheet VI on form FTB 3807, Side 2 to compute this limitation.

If a taxpayer owns an interest in a disregarded business entity, the amount of credit that can be utilized is limited to the difference between the taxpayer's regular tax computed with the income of the disregarded entity, and the taxpayer's regular tax computed without the income of the disregarded entity.

Partnerships must allocate the credit among the partners according to the partner's distributive share as determined in a written partnership agreement (R&TC Section 17039(e)).

Credits you are otherwise eligible to claim may be limited. Do not apply credits against the minimum franchise tax (corporations, limited partnerships, limited liability partnerships, S corporations, and LLCs), the alternative minimum tax (corporations, exempt organizations, individuals, and fiduciaries), the built-in gains tax (S corporations), or the excess net passive income tax (S corporations).

Refer to the credit instructions in your tax booklet for more information.

S Corporations and the Application of LAMBRA Credits. An S corporation may use its LAMBRA credits to reduce LAMBRA tax both at the corporate and shareholder levels. An S corporation may use 1/3 of the LAMBRA credits to reduce the tax on the S corporation's LAMBRA income. In addition, S corporation shareholders may claim their pro-rata share of the entire amount of the LAMBRA credits calculated under the Personal Income Tax Law.

Example: In 1999, an S corporation qualified for a \$3,000 LAMBRA hiring credit. The S corporation will be able to use 1/3 of the credit ($\$3,000 \times 1/3 = \$1,000$) to offset the tax on the corporation's LAMBRA income. The S corporation will also pass through a \$3,000 credit to its shareholders to offset their individual tax (computed under the Personal Income Tax Law) on LAMBRA income.

S corporations should attach form FTB 3807 to Form 100S, California S Corporation Franchise or Income Tax Return, to claim the tax credits. If form FTB 3807 is not attached to the return, the credits may be disallowed.

Shareholders should attach Schedule(s) K-1 (100S), Shareholder's Share of Income, Deductions, Credits, etc., to their individual tax return.

Carryover. If the amount of credit available this year exceeds your tax, you may carry over any excess credit to future years until exhausted. Apply the carryover to the earliest taxable or income year(s) possible. In no event can the credit be carried back and applied against a prior year's tax.

For S corporations, the amount of the 1/3 credit that is in excess of the 1.5% entity-level tax (3.5% for financial S corporations) in the current year may also be carried forward and used in future years to offset the 1.5% entity-level tax (3.5% for S corporations). See the instructions for Worksheet VI, Part III for more information.

Credit Code Number. You must use credit code number **198** to claim the LAMBRA hiring and sales or use tax credits. Using an incorrect code number may cause a delay in allowing the credit(s).

Instructions for Worksheet VI — Computation of Credit Limitations

Note: Worksheet VI is on Side 2 of form FTB 3807.

Partnerships and LLCs taxed as partnerships do not complete Worksheet VI. The partners and members of these types of entities should complete Worksheet VI in order to determine the amount of LAMBRA credits that they may claim on their California tax returns. S corporations and their shareholders must complete Worksheet VI.

Reporting Requirements of S Corporations, Estates or Trusts, Partnerships, and LLCs Taxed as Partnerships

- Report to shareholders, beneficiaries, partners, and members, the distributive or pro-rata share of business income, loss, and deductions apportioned to the LAMBRA; and
- Separately state the distributive or pro-rata share of any business capital gains and losses apportioned to the LAMBRA included in the amount above.

S corporations: Complete Part I and Part III of this worksheet if your entity-level tax before credits is more than the minimum franchise tax.

Corporations and S corporations subject to the minimum franchise tax only: Complete only Part IV of this worksheet.

All others: Complete Part I and Part II of this worksheet.

Part I

Note: For filers with NOLs or NOL carryovers.

- Complete Worksheet V (pages 16 and 17) first if you have a current year NOL or an NOL carryover.
- Then complete Worksheet VI if you have any LAMBRA credits.

If you do not have a current year NOL or any NOL carryovers:

- **Individuals:** Go to the Income or Loss Worksheet (page 15). Follow the worksheet instructions. Enter the amount from the Income or Loss Worksheet, line 14, column (c) on Worksheet VI, Part I, line 1 and line 3 (skip line 2).
- **Corporations:** Follow the instructions for line 1 below.

Line 1 — Enter all trade or business income. See Part IV (page 10) for the definition of trade or business income.

Line 2 — If your business is located entirely within the LAMBRA, enter 1.

Specifically, this percentage is the apportionment percentage computed by the entity using Worksheet IV (page 11) and it represents the percentage of the entity's business attributable to the LAMBRA.

Line 6a — Compute the tax as if the LAMBRA taxable income represented all of your taxable income.

Individuals: Use the tax table or tax rate schedule in your tax booklet for your filing status. **Exempt organizations:** Use the applicable tax rate in your tax booklet.

Corporations and S corporations: Use the applicable tax rate.

Example (Determination of LAMBRA Income for Shareholders, Partners, or Members of Pass-Through Entities):

John Smith is vice president of ABC, Inc., an S corporation that has two locations: one within the LAMBRA and one outside the LAMBRA. Eighty percent (80%) of the S corporation's business is attributable to the LAMBRA. (**Note:** This percentage was determined by ABC, Inc. using form FTB 3807, Worksheet IV — Apportionment, when ABC's California S corporation return (Form 100S) was prepared.) John divides his time equally (50%/50%) between the two offices of ABC, Inc.

Mary Smith (John's spouse) works for ABC, Inc. at its office located within the LAMBRA.

John and Mary Smith have the following 1999 items of California income and expense:

John's salary from ABC, Inc.	\$100,000
Mary's salary from ABC, Inc.	75,000
Interest on savings account	1,000
Dividends	3,000
Schedule K-1 (100S) from ABC, Inc.:		
Ordinary income	40,000
LAMBRA business expense deduction	(5,000)*

John's unreimbursed employee expenses from Schedule A (2,000)

*The LAMBRA business expense deduction is a separately stated item on Schedule K-1 (100S), line 8.

The Smith's LAMBRA income (total amount to be reported on line 3) is computed as follows:

John's LAMBRA salary (\$100,000 x 50%)	\$50,000
Mary's LAMBRA salary (\$75,000 x 100%)	75,000
Pass-through ordinary income from ABC, Inc. (\$40,000 x 80%)	32,000
LAMBRA business expense deduction from ABC, Inc.	(5,000)
John's unreimbursed employee business expenses (2,000 x 50%)	(1,000)
Total LAMBRA income (Worksheet VI, Part I, line 3)	\$151,000

Note: The standard deduction and personal or dependency exemptions are not included in the computation of LAMBRA income since they are not related to trade or business activities.

John and Mary must compute the tax (to be entered on Worksheet VI, Part I, line 6a) on the total LAMBRA income of \$151,000 (as if it represents all of their income). Using the tax rate schedule in their tax booklet for filing status married filing joint, the 1999 tax figured on \$151,000 is \$10,659.

Line 6b – Corporations and S corporations:
If the amount on line 6b is the minimum franchise tax (\$800), you cannot use your LAMBRA credits this year. You should complete Part IV of the worksheet to figure the amount of credit carryover.

Part II

Use Part II if you are a corporation, individual, estate, or trust.

Corporations and S corporations that are subject to paying only the minimum franchise tax, go to Part IV.

Example: Part II

The ABC Business has \$8,000 of tax. The business computed a credit limitation based on LAMBRA business income of \$7,000 on Worksheet VI, line 5. The business has the following credits:

Hiring credit	—	\$500
Sales or use tax credit	—	\$9,000

Worksheet VI, Part II would be computed as follows:

Line 8A, column (e) – Enter the amount from line 7. This is the amount of limitation based on the tax on LAMBRA business income.

Line 8A, column (f) – Enter the amount of credit that is used on Schedule P (100, 540, 540NR, or 541), column (b). The amount cannot be greater than the amount on line 8A, column (e) or the amount computed on line 8B, column (d). Enter this amount on form FTB 3807, Side 1, line 2a.

Line 8B, column (b) – Enter the amount of the current year credit that was computed on Worksheet I, Section A, line 6.

Line 8B, column (c) – Enter the amount of the total prior year carryover of the credit. This is the amount of credit that was previously figured on Worksheet I, Section A in the prior year, minus the amount that was allowed to be taken on the prior year return.

Line 8B, column (d) – Add the amount of the current year credit on line 8B, column (b) and the amount of the total prior year carryover on line 8B, column (c).

Line 8B, column (e) – Compare the amounts on line 8A, column (e) and line 8A, column (f). Enter the smaller amount.

Line 8B, column (g) – Subtract the amount on line 8B, column (e) from the amount on line 8B, column (d). Enter the result on line 8B, column (g). This is the amount of credit that can be carried over to future years.

Note: This carryover includes both the Schedule P (100, 540, 540NR, or 541) limitation and the limitation based on LAMBRA business income.

Line 9A, column (e) – Subtract the amount on line 8B, column (e) from the amount on line 8A, column (e). If the result is zero, your remaining credits are limited and must be carried over to future years. In this case, enter the amount from line 9B, column (d) on line 9B, column (g).

Line 9A, column (f) – Enter the amount of credit that is used on Schedule P (100, 540, 540NR, or 541), column (b). The amount cannot be greater than the amount on line 9A, column (e) or the amount computed on line 9B, column (d). Enter this amount on form FTB 3807, Side 1, line 2b.

Line 9B, column (b) – Enter the amount of the current year credit that was computed on Worksheet II, Section A, line 2, column (c).

Line 9B, column (c) – Enter the amount of the total prior year carryover of the credit. This is the amount of credit that was previously figured on Worksheet II, Section A minus the amount that was allowed to be taken on the prior year return.

Line 9B, column (d) – Add the amount of the current year credit on line 9B, column (b) and the amount of the total prior year carryover on line 9B, column (c).

Line 9B, column (e) – Compare the amounts on line 9A, column (e) and line 9A, column (f). Enter the smaller amount.

Line 9B, column (g) – Subtract the amount on line 9B, column (e) from the amount on line 9B, column (d). Enter the result on line 9B, column (g). This is the amount of credit that can be carried over to future years.

Note: This carryover includes both the Schedule P (100, 540, 540NR, or 541) limitation and the limitation based on LAMBRA business income.

Part II Limitation of Credits for Corporations, Individuals, and Estates and Trusts.

	(a) Credit name	(b) Credit amount	(c) Total prior year carryover	(d) Total credit (add col. (b) and col. (c))	(e) Limitation based on LAMBRA business income	(f) Used on Schedule P (can never be greater than col. (d) or col. (e))	(g) Carryover (col. (d) minus col. (e))
8	Hiring credit	A			7,000	800	
		B	500	—0—	500		—0—
9	Sales or use tax credit	A			6,500	6,500	
		B	9,000	—0—	9,000		2,500

Part III

Use Part III only if you are an S corporation.

Line 10 and Line 11, column (b) – Enter the amount of current year credits (that were computed on Worksheet I and Worksheet II) in column (b) for line 10 and line 11, as applicable. Also enter this amount on Form 100S:

- Schedule C, line 4; and
- Schedule K, line 13.

You must adjust your Schedule C (100S) to reflect the LAMBRA tax limitation (Part I, line 7) to your credits after completing this worksheet.

Line 10 and Line 11, column (c) – Multiply the amount on line 10, column (b) and line 11, column (b) each by 1/3. Enter the result in column (c). The amounts in column (c) are the maximum amounts of the current year credits that may be used by the S corporation to offset its 1.5% entity-level tax (3.5% for financial S corporations).

Line 10 and Line 11, column (d) – Enter the amount of the total prior year credit carryover. This is the amount of credit that was previously figured on the prior year Worksheet I or Worksheet II, minus the amount that was allowed to be taken on the prior year return.

Line 10 and Line 11, column (e) – Add the amounts of the current year credits in column (c) and the total prior year carryovers in column (d).

Line 10 and Line 11, column (f) – Enter the amount of credit that was used by the S corporation in the current year to offset its 1.5% entity-level tax (3.5% for financial S corporations). Enter the amount in column (f) for line 10 and line 11 on form FTB 3807, Side 1, line 2a and line 2b, as applicable.

Line 10 and Line 11, column (g) – Subtract the amount in column (f) for each line from the amounts in column (e). These are the amounts of credits that can be carried over to future years and used by the S corporation.

Part IV

Use Part IV if you are a corporation or S corporation subject to paying only the minimum franchise tax.

Line 12 and Line 13, column (b) – Enter the amount of current year credits (that were computed on Worksheet I and Worksheet II) on line 12, column (b) and line 13, column (b), as applicable. **S corporations** may only enter 1/3 of the amounts from Worksheet I and Worksheet II.

Line 12 and Line 13, column (c) – Enter the amount of the total prior year carryover. These are the amounts of credits that were previously figured on Worksheet I and Worksheet II in the prior years, minus the amount that was allowed to be taken on the prior year return. **S corporations** may only enter 1/3 of the amounts from Worksheet I and Worksheet II.

Line 12 and Line 13, column (d) – Add the amounts in column (b) and column (c) for line 12 and line 13. These are the amounts of credits that can be carried over to future years.

Instructions for Form FTB 3807

Part I — Net Increase in Jobs

Complete line 1 on form FTB 3807, Part I, Net Increase in Jobs, only if you have been doing business in a LAMBRA for two years. Use the Net Jobs Worksheet on the following page to determine the amount to enter on line 1.

A taxpayer that conducts a trade or business within a LAMBRA and that for the first 2 taxable or income years, has a net increase in jobs (defined as 2,000 paid hours per employee per year) of one or more employees in the LAMBRA, may claim certain economic incentives.

The net increase in jobs is determined by subtracting the total number of full-time employees in California prior to starting business in the LAMBRA, from the number of full-time employees in California in the second year after operation in the LAMBRA. For this purpose, the number of full-time employees for each year is determined as:

- The total number of hours worked by hourly employees (not to exceed 2,000 hours per employee) divided by 2,000; and
- The total number of months worked in the LAMBRA by salaried employees divided by 12.

If your only business in California began with your LAMBRA business, your number of California employees prior to starting business in the LAMBRA is zero.

If your business in the LAMBRA began during the taxable or income year, the first year employment information is prorated. Multiply the divisors 2,000 (hours for hourly employees) and 12 (months for salaried employees) by a fraction, the numerator is the number of months of doing business and the denominator is 12.

If your business does not have a net increase in jobs for the first 2 taxable or income years after designation, you must recapture (in the current year) any LAMBRA credits or deductions that were taken.

Example – In 1999, you employed:

5 employees who were paid by the hour and who worked 2,000 hours each;

1 employee who was paid by the hour and who worked 1,000 hours;

2 employees who were paid by the hour and who worked 2,150 hours each;

1 salaried employee who worked for 12 months; and

2 salaried employees who worked for 8 months each.

How many full-time employees does the business employ?

$$5 \times 2,000 = 10,000$$

$$1 \times 1,000 = 1,000$$

$$2 \times 2,000^* = 4,000$$

$$\frac{15,000}{2,000} = 7.50 \text{ full-time hourly employees}$$

$$\frac{15,000}{2,000} = 7.50 \text{ full-time hourly employees}$$

*The 150 hours that these 2 employees each worked over 2,000 cannot be included in the computation.

Salaried employee 1 12 months

Salaried employee 2 8 months

Salaried employee 3 8 months
28 months
12 = 2.33 salaried employees

For purposes of computing the net jobs increase requirement, you would have 9.83 (7.50 + 2.33) full-time employees.

Use the worksheet on the following page to determine the amounts to enter on form FTB 3807, Part I. See the example following the worksheet for how to complete the worksheet.
